

# RIKER AND HEGEMAN DRUG STORES

## Extraordinary Sale of SOAPS

At a Saving of 25% to 40%

The following price list will convince you that Riker profits on Soaps are very small. At first thought this may not interest you especially. It is your own savings that concern you most.

But in reality there is a very close connection in the matter of Drug Store purchases between our profits and your savings.

One great factor in the remarkable growth of our business is this: We have never attempted to claim ALL the benefits resulting from a tremendous business, but have been willing to divide with our customers, to share with them the advantages which we derive from large purchases and cash payments.

Thus it happens that we can offer you such remarkable savings as are to be had during this special Soap Sale. We are intentionally cutting down OUR profits to make this a profitable sale for YOU.

Soaps are here for every purpose of household and toilet use. Soaps from the best makers only. Many of them our own, whose quality is vouched for by the Riker and Hegeman name.

Prices on all these Soaps represent a saving to you of 25% to 40%.

Munyon's Witch Hazel Soap, 8¢.

## Disinfectants Make the House Sanitary as well as Clean.

"An ounce of PREVENTION—worth a pound of CURE" is unquestionably an old saying—but it is assuredly as true today as when it was originally coined. And it applies with particular force to the question of disease germs. Germ-breeding conditions can be overcome by the use of such disinfectants as suggested here. But the cure of disease itself is quite another matter. Therefore, the doctrine of "PREVENTION" is becoming universal. PREVENT disease by maintaining sanitary conditions throughout the home. The best preventive we can suggest is that you use disinfectants freely on floors and walls, in sinks and bathrooms.

Jaynes' Krethol Disinfectant, 1/2 pint, 15¢; pint, 25¢; quart, 42¢; gallon, \$1.00. Riker's Carbolic Disinfectant and Deodorizer, per pint, 15¢; per quart, 25¢. Jaynes' Disinfectant, a solution of chlorides, destroys disease-breeding germs, prevents contagion. Large bottle, 25¢. Phenol Solique, 10¢ and 32¢. Creolin, Pearsons', 9¢, 19¢, 39¢ and 75¢. C.N. Disinfectant, 10¢, 20¢, 39¢ and 75¢.

## EUROPEANS PROTEST ANTI-ALIEN LAND ACT

Danger That Big Syndicates May Withdraw From California Investments.

Protests by representatives of great European syndicates against one phase of the California alien landholding bill, which would require stockholders in corporations owning land in the state either to be American citizens or to have declared their intention, soon will be taking form in Washington.

Inquiries already have been made by some of the diplomatic representatives of European powers to ascertain the precise nature of the legislation, but so far all the State Department has been able to do has been to furnish copies of a draft of the California senate bill, leaving the protestants to draw their own inferences as to its extent.

There is much interest to know how the proposed legislation would affect corporations not initially organized for landholdings, but like railroads and other public utilities, obliged from their nature to own and operate for the right of way, stations and terminal facilities, wharves, etc.

### Act Difficult to Administer.

Because of the difficulties of administration of such an act as that passed by the California assembly yesterday, the officials here, while convinced that some anti-alien landowning act is bound to become a law, incline to the belief that it would make the form of the Senate bill, which makes no discrimination between the races, in view of the expressed intention of the authors of the bill to create the stipulations of existing treaties, including that between the United States and Japan.

In such case there is reason to believe the Japanese government will make no protest, though, as indicated in California, the great European financial interests will undoubtedly be seriously embarrassed and may threaten to withdraw completely from the state.

### Aimed at Japanese Fishermen.

SACRAMENTO, Cal., April 16.—The California assembly passed today by an almost unanimous vote a second bill aimed at the Japanese in the state. This time the fishermen, not the farmers, are attacked. The bill provides for an annual tax of \$100 on market fishermen of a race ineligible to citizenship. Aliens of other races would be taxed \$20 a year, and citizens \$10.

TOKIO, Japan, April 17.—The American Asiatic Association of Japan, at a meeting here today, passed a resolution pointing out that the proposed alien land legislation in California would seriously injure American interests in this country. The resolution asks the California legislature not to pass any bill covering the fishing relations of the United States and Japan.

## CORNER STONE IS LAID

Department of Commerce's New Home Is Now Under Way.

The corner stone of the new Department of Commerce building, at the northeast corner of 19th street and Pennsylvania avenue northwest, was laid with appropriate exercises at noon today. The speaker of the occasion was E. Southard Parker, Mr. Parker said the event was an important one and that every citizen of the District of Columbia is interested in the progress and development of the National Capital. He congratulated Victor J. Evans, owner of the building, and said the citizens of the District should feel proud of the fact that the United States government is to occupy a building erected by a Washington business man.

Mr. Parker was introduced by Attorney Wilton J. Lambert. In the corner stone ceremony was laid by Mr. Evans. A copper box in which had been placed copies of the Washington daily newspapers, the White House inaugural medal, the names of the builders of the structure, several coins and cards of those attending the exercises was sealed in the stone.

The new building, which is to be eleven stories high, will cover an area of 130 by 100 feet.

## NEW PUMPING STATION

Work on \$25,000 Plant at Popular Point to Start Next Month.

Work on the construction of the Popular Point pumping station for sewage pumping will be commenced probably next month, according to an announcement made today. The plant, which is to cost, when completed, approximately \$25,000, will pump sewage from the entire Anacostia river valley, and efforts will be made to have it in operation by the end of the year.

Under the direction of Asa E. Phillips, superintendent of sewers, construction of the fourth and last of the large storm water trunk lines to be built to the bulk-head line of the Anacostia river has been begun. The main already built, which are below Anacostia bridge, extend into the river for a distance of 1,500 feet, but the fourth line, which is being laid above the bridge, will have a length of only about 1,000 feet.

These pipes, which are to carry off the storm water from the Anacostia sewer system, are being installed at this time so as to provide for drainage in advance of the filling in of the flats between the old shore line and the new sea wall being constructed by the federal government.

Work is progressing on the construction of the section of the Anacostia main interceptor between the new Anacostia bridge and the Pennsylvania Avenue bridge. The section is a mile long and several months will be required to complete it. The cost of building this portion of the interceptor will be \$50,000.

### BANISH OLD-STYLE COOLERS.

War Department Orders Modern Water Facilities—Other Reforms.

Orders have been given for the removal of sixty-eight old-style water coolers in various offices and corridors of the War Department, and the substitution of twenty-two coolers of the inverted-bottle type. That action was taken on the recommendation of a sanitary committee consisting of Capt. Love of the Medical Corps, Capt. Grant of the Corps of Engineers and Mr. Tonsmeire of the economy office, and was based entirely on hygienic considerations.

As a result of a recent inspection more than thirty of the old coolers were condemned as unsanitary. The new coolers will be under the care and supervision of the superintendent of the building.

## THE STORE THAT SELLS WOOLLEN. Smoot & Gelleff Spring Coat Week!

D. J. Kaufman,

1005-1007 Pa. Ave.

Generals Made Members.

Torney and Weaver Join Spanish War Veterans' Camp.

Brig. Gen. George H. Torney, surgeon general of the army, and Brig. Gen. Torney, general staff, were elected members of Gen. M. Emmet Urell Camp, No. 5, United Spanish War Veterans, at a meeting last night in the camp hall, 11th and E streets northwest.

Walter W. Vick of John F. Hilton Camp, No. 3, Department of New Jersey, reported to Commander Charles O. Pierpont of Urell Camp with a new recruit.

William Russell White, U. S. N. Representative Wells Hurling of Pennsylvania and Representative R. O. Woodruff of Michigan, who served during the war with Spain, were present at the meeting, as was Past Department Commander S. Clifford Cox, who served as a major and surgeon.

Centenarian Celebrates Birthday.

WARASH, Ind., April 17.—Mrs. Sarah Derickson celebrated the one hundredth anniversary of her birth here yesterday and last night attended a musical given in her honor. Mrs. Derickson, who has been ill only two months of her life, is active and reads without using glasses. She was born in Kentucky and has lived

ing. They will be filled from the regular city water supply, which has been officially declared to be perfectly safe and pure.

All the old drinking cups have been discarded, and each employee will be given an individual glass. Employees will be restricted to this public supply for drinking purposes, and the practice of having supplies of water from certain springs will be discontinued.

Other sanitary reforms are in contemplation. One of these involves the substitution of white enameled metal lockers having sanitary bases for the wooden lockers now in general use in various parts of the War Department.

If you want work read the want column.

Illustrated above: Coat in fancy woolen mixtures, featuring a low belt across back, fancy buttons—\$18.50.

Illustrated above: Coat in navy blue, white and black mixtures, featuring a low belt across back, fancy buttons—\$18.50.
